

# Parents Enabled Fair

Parents Enabled will connect parents to health and wellness professionals, education, community, business, and career resources.

During these very hard economic times parents are confronted with a host of issues that affect them both mentally and physically. Our exhibitors will offer parents the internal and external tools they need to survive.

Whether you're a Mom looking for a work from home job, a Dad considering going into business for yourself, or just someone looking for wellness resources. The fair will be free to the general public and exhibitors will pay a fee. We encourage everyone to participate and to come out and support our community.

\*For employers:

It's a great place to meet quality candidates.

\*For educators:

This will be a great admissions builder.

\*For businesses:

This will be a great way to expand your brand's foot print.

\*For health care professionals:

This will be a great resource for building new client relationships.

\*For parents; This will be a great opportunity for you to experience a wealth of things all under one roof.

- Community Resources
- Resume Writing
- Business Resources
- Employment
- Health Resources
- Personal Wellness
- Family Services
- Education Resources
